

**Electromechanical Equipment and Pipes & Fittings for Gondar Town Water Supply
Project, ICB No: ET-MOWE-365121-GO-RFB
Responses to Request for Clarifications #2**

RFC #	Request for Clarifications	Responses
#1	<p>You have mentioned on the tender notice, Bid Data sheet that the tender is CIP and also you mentioned on summary of BOQ that Foreign Amount in USD column. However, in the detailed BOQ with the rate column there is no CIP Foreign component. Please clarify whether the tender price is having Foreign currency quotation portion or is it totally by ETB I.e. DDP (Delivery Duty Paid Project site price)</p> <p>If it is CIP with Foreign currency portion, then it is NOT mentioned on the detailed BOQ with a rate column. So, you have to give detailed BOQ for price as per appropriate CIP formatted BOQ.</p>	<p>Please refer and use appropriate price schedule formats provided in Section IV, Bidding Forms to quote prices. The incoterms remain the same as given in the bidding document.</p>
#2	<p>On summary of BOQ section it consists eight (8) Bills but on detailed BOQ it is up to Bill no. 7. Please give a rate column (lump sum) for mandatory spare parts on detailed BOQ Bill no. 8.</p>	<p>Mandatory spare parts for all the submersible pumps are to be rated separately. It is required in summary rather than adding bill no. for each submersible pump. Act accordingly.</p>
#3	<p>Also, we did not find Annual Turnover Please specify the amount required for annual turnover.</p>	<p>Annual turn over is not requested in the bidding document</p>
#4	<p>And also, we did not find Bid Bond amount. Please specify the amount.</p>	<p>Bid security is not requested, please refer ITB 19.1 and Section IV, Bidding Forms for the Section IV, for the bid securing declaration form.</p>
#5	<p>Flexible Submersible type control cable 1X2.5 Sq.MM length =3*135 meter -500 meters How can we understand the quantity of this cable? it is 3x135x500 =202500m or 500m only?</p>	<p>Only 500 meters required</p>
